

A Summary of a Conversation With 'Larry Levine'

Eight students of year 8, Al Ameen Private School gathered in the school Audio Visual room to engage in a very inspiring Skype conversation with founder of Kids Can Make A Difference which is an educational program for middle and high school students that focuses on the root causes of hunger and poverty, the people most affected, solutions and how students can help. He went on to explain how his organization doesn't strive to eradicate hunger. However he motivates children to spread awareness about the issue.

Furthermore, he urged us on how we could make a positive change in favour of the cause by beginning with ourselves. The lyrics of the famous, song by Michael Jackson, 'Man in the Mirror' was suggested to us to help us build a deeper understanding on how we as individuals can make a constructive difference to the world.

Though our conversation ended with us thanking each other for the ideas we had shared, we all knew that the rewarding chat we had had on the issue was just the beginning of a life long journey to now making our personal contribution to the cause of hunger eradication.
